2021 Whole Again Annual Report

Dear Friends of Whole Again,

With your generosity, Whole Again was able to have another fantastic year. Though the pandemic still brought challenges, we provided meals seven days a week to children in need throughout the summer. Some of our Site Partners were able to re-open their doors to have complete summer programs to continue to feed children and provide enrichment programming. For the first time, we operated with two caterers, Aunty’s Homemade Foods, and our partnership with our newest, Magnificent Morsels, allowed us to support another minority-owned business. We are incredibly grateful for the Site Partners, volunteers, and amazing staff that work hard to operate the programs for the children each summer. Support from both public and private donors helps ensure we can move forward to address childhood food insecurity. We are very excited as we start the work for next year!

Accomplishments from 2021

- ❖ 35 Program Site Locations throughout Hamilton and Butler Counties:
 - Local Churches
 - Community Centers
 - Community Youth Organizations
 - Public Libraries
